About Dr. Adina C.

Dr. Adina C. is a highly experienced and dedicated general dentist with nearly 20 years of continuous clinical practice in private dental clinics in Romania. She holds a Doctor of Dental Medicine degree from Titu Maiorescu University in Bucharest and has built a long-standing career focused on comprehensive general dentistry, patient-centered care, and consistent professional development.

Throughout her career, Adina has developed strong expertise in preventive, restorative, prosthetic, and aesthetic dentistry, working with a broad and diverse patient base. She is known for her calm and professional approach, her strong sense of responsibility, and her ability to manage complex cases while maintaining high clinical and hygiene standards. Her background as a dental assistant early in her career has given her a deep understanding of clinical workflows, teamwork, and practice organization.

Adina is highly motivated to relocate to the Netherlands, where she aims to build a stable and secure future for herself and her family. As a mother of two children, she is determined to offer them better educational and life opportunities in a safe, well-structured, and forward-looking society. She is committed to learning the Dutch language and integrating fully into the Dutch healthcare system, while contributing her extensive experience, reliability, and dedication to a modern dental practice.
