## About Dr. Yul G.

Dr. Yul G. is a motivated and energetic young dentist with a strong foundation in general and pediatric dentistry. He graduated in Dental Medicine from the University of Medicine and Pharmacy “Carol Davila” in Bucharest and has developed his clinical skills through hands-on experience in pediatric-focused clinics as well as several years of prior work as a dental assistant.

Yul is known for his positive attitude, strong work ethic, and ability to build trust with both patients and parents. His experience in pediatric dentistry has strengthened his communication skills, empathy, and ability to work calmly and effectively with children and anxious patients. He approaches dentistry with care, precision, and a clear focus on following clinical protocols and delivering high-quality treatment.

Before becoming a dentist, Yul worked for several years as a dental assistant, gaining extensive exposure to orthodontics, endodontics, periodontology, prosthetics, dentoalveolar surgery, and implantology. This background has given him a deep understanding of clinical workflows, teamwork, sterilization protocols, and practice organization, making him a reliable and well-integrated team member.

### Characteristics

- Energetic
- Motivated
- Compassionate
- People-oriented
- Precise
- Reliable
- Team-oriented

Yul is an energetic individual who enjoys an active lifestyle and appreciates quality, culture, and personal development. He is enthusiastic about relocating to the Netherlands, where he looks forward to embracing the Dutch “work hard, play hard” culture. He is highly motivated to learn the Dutch language, integrate fully into society, and build a stable and meaningful professional future within a structured and modern healthcare system.
