EDUCATION AND PROFESSIONAL EXPERIENCE

Doctor of Dental Medicine

George Emil Palade University of Medicine, Pharmacy, Science and Technology, Faculty of Dental Medicine, Târgu Mureș [2018–2024]

General Dentist [2025-Current]

Career Achievements and Competencies

• General Dentist – Tyartdent, Brașov [April 2025 – March 2026]

During her time at Tyartdent, Bianca provided preventive and restorative dental care with a particular focus on pediatric dentistry. She adapted treatments to each child's age, individual needs, and level of cooperation while creating a calm and positive treatment experience. Her clinical responsibilities included:

- Professional dental hygiene procedures
- Restorative treatments (fillings)
- Pediatric dentistry
- Preventive treatments
- Treatment adapted to children's behavioural needs
- Patient communication and education

General Dentist – Evident's Clinic, Brașov [January 2025–Present].

Alongside her work at Tyartdent, Bianca provides comprehensive dental care for pediatric patients, including:

- Atraumatic dental extractions
- Restorative treatments
- Fissure sealants
- Fluoride applications
- Behaviour management techniques for anxious children
- Gentle communication focused on building trust and reducing dental anxiety

Erasmus Clinical Placement – SDS Dental, Barcelona, Spain [July–August 2023].

During her Erasmus placement, Bianca assisted in complex dental procedures under the supervision of Dr. Anca Ionescu. This experience further strengthened both her clinical knowledge and her ability to communicate effectively with patients in an international environment.

Clinical Internship – Implant Soft Clinic, Brașov [2022–2023].

Under the supervision of Dr. Constantin Ionuț, Bianca participated in daily clinical activities, assisted during dental treatments, performed professional scaling procedures and basic clinical interventions, while further developing her communication skills and patient-centered approach.

Dr. Bianca P.

Healthcare Roles Outside Clinical Dentistry

Volunteer – "Little Dentist" Oral Health Education Program [2023]

Participated in oral health education activities in schools in Târgu Mureș, promoting preventive dentistry and educating children about proper oral hygiene.

Student Association SIDEMED [2021–2023]

Served as coordinator and organizer of student events and educational activities, developing organizational, teamwork, and leadership skills.

Additional Education and Professional Development

- Scientific Symposium OSMDENTIS – 2020, 2022, 2023
- First Steps in Digital Prosthetics
- Protaper Ultimate Course
- Blended Intensive Programme – DentalOmics: Transnational Agreement for Interdisciplinary Dentistry (Wrocław, Poland)

Preferred Work Environment

Bianca performs best in a practice that offers:

- High standards of patient care
- Modern dental equipment and digital technologies
- A supportive and collaborative team
- Opportunities for mentoring and continuous learning
- A strong focus on preventive dentistry and minimally invasive treatment
- An environment where quality, empathy, and professional growth are equally valued

About Dr. Bianca P.

Dr. Bianca is a highly motivated young dentist whose passion for dentistry is evident in every aspect of her professional development. From the beginning of her career, she has continuously sought opportunities to expand her knowledge through clinical practice, international experience, professional courses, and volunteer activities, demonstrating a genuine commitment to lifelong learning.

What distinguishes Bianca is her dedication to delivering exceptional patient care. She believes that every patient deserves not only technically excellent treatment but also empathy, patience, and clear communication. Her particular interest in pediatric dentistry reflects her ability to create a calm, reassuring environment where even anxious children can develop trust and confidence during treatment.

Colleagues describe Bianca as enthusiastic, responsible, and fully committed to her profession. She approaches each clinical case with curiosity, precision, and a strong desire to achieve the best possible outcome for her patients. She enjoys working within structured teams where collaboration, knowledge sharing, and continuous improvement are part of everyday practice.

Bianca is relocating to the Netherlands together with her boyfriend, with the intention of building both her professional career and her personal future there. She is looking for a long-term position within a modern dental practice where she can continue to grow as a clinician while contributing to high-quality, patient-centered dentistry. Her ambition, positive attitude, and genuine passion for the profession make her a valuable addition to any dental team.
